What's the idea and/or issue at hand that you'd like to discuss? (max. 100 words)

There should be a discussion about all those poor victims past and present that have been assaulted on either campuses and the university has done absolutely nothing about it.

Why is this of particular interest to students at the University of Hertfordshire? (max. 100 words)

Because these people have been sexually harassed or assaulted and it causes detrimental issues for them in the future.

What would you like the action of Hertfordshire Students' Union to be? (max. 100 words)

They should be offered actual support and people should be penalised for their actions.
